CHRIS RYAN will be with us at Mainstreet on **Thurs 26th Sept** to tell us all about his new book, ***Black Ops...***

SAS hero, Danny Black is back in action in a brilliant and powerful new thriller that grips from the very first page. A series of gruesome killings in Dubai, Ghana and Florida have left three former SAS soldiers dead. Once soldiers leave the Regiment they frequently work freelance, often in threatening environments, so at first it is not thought that the killings are linked. But as one of the dead, Ollie Moorhouse, was a good friend of Danny's, he begins to wonder if there is a connection.

Danny knows that it isn't easy to kill an SAS man. If you want to kill a Regiment guy, you need to think like a Regiment guy. He remembers that during their time with the Regiment all three men were involved in training a young Muslim soldier, Ibrahim Khan...
